

FY 2019 Consolidated Grant Program to Address Children and Youth Experiencing Domestic and Sexual Assault and Engage Men and Boys as Allies Pre-Application Conference Call

**Thursday, February 7, 2019
3:00 pm to 5:00 pm (EST)**

Slide 1 – WELCOME AND INTRODUCTIONS

Welcome to the pre-application information session for the Fiscal Year 2019 Consolidated Grant Program to Address Children and Youth Experiencing Domestic and Sexual Assault and Engage Men and Boys as Allies (also referred to as the “CYEM” program) solicitation. The Office on Violence Against Women (also referred to as “OVW”) is hosting this webinar to go over the FY19 solicitation for the CYEM program.

Slide 2

My name is Kellie Greene and I am the program specialist assigned to the CYEM program. The purpose of the pre-application information session is to highlight a few key points in the solicitation, however it is not the intent, nor is there sufficient time, to go over every aspect of the solicitation. All applicants are responsible for reading the FY19 CYEM solicitation and the OVW Solicitation Companion Guide and ensuring that a complete application is submitted. OVW staff cannot comment on the quality of an applicant’s proposed project or provide any information outside of what is included in the solicitation. However, CYEM program staff will be available to respond to questions about the application requirements throughout the period that the solicitation is open. Please feel free to send questions to ovw.consolyouth@usdoj.gov or call the OVW main line at 202.307.6026.

Before we get started, you may find it helpful to have the CYEM solicitation in front of you for a point of reference during this information session.

Slide 3 – CHANGES TO SOLICITATION

There are changes to the FY19 CYEM solicitation this year; most notably, the purpose areas and required project partners. I will go over these in more detail in just a few moments.

Slide 4 - ELIGIBILITY

Eligibility is mentioned on the cover of the solicitation, as well as on pages 6 and 7. Eligible applicants are nonprofits, nongovernmental entities, Indian tribes, tribal nonprofit organizations, units of local government, and agencies of a unit of local government. Foreign entities or programs are not eligible for funding under the CYEM program. I will go over these in more

detail as well in just a few moments.

Slide 5 – DEADLINES and REGISTRATION

Applications are due by 11:59 pm Eastern Time on Wednesday, March 6, 2019. OVW will not accept late submissions except under limited circumstances as described on page 21 of the solicitation.

In addition to the application due date, there are other important deadlines that affect your ability to submit an application. The cover of the solicitation provides information on “registering.” Registration includes three steps: 1) obtaining a Data Universal Number System (DUNS) number; 2) registering with the System for Award Management (SAM) system; and 3) registering with Grants.gov.

Every applicant must obtain a DUNS number and register online with SAM and Grants.gov. The registration process can take several days and must be completed before applicants may submit an application. OVW strongly encourages applicants to start this process no later than February 13, 2019.

Every year applications are rejected during the submission process because the applicant’s DUNS number and/or registration with SAM have expired or the applicant did not begin the registration process early enough. At the conclusion of this webinar, I suggest that you start this process if you have not already done so. Applicants that currently have a DUNS number and are registered with SAM and grants.gov should check their status to ensure that they have not expired.

You can find more information related to Registration on pages 19 - 25 of the solicitation.

Slide 6 - SUBMISSION and NOTIFICATION INFORMATION

Consolidated Youth and Engaging Men applications will be submitted through Grants.gov. If you have questions specific to the registration or submission process through Grants.Gov, please contact grants.gov customer support at 1-800-518-4726.

Additional information related to the submission process can be found on pages 9 to 25 of the solicitation.

OVW anticipates notifying all applicants of funding decisions by October 1, 2019.

Slide 7 - SECTION A: PROGRAM DESCRIPTION

Page 1 of the solicitation provides background on the history and goals for the Consolidated Youth and Engaging Men Program.

The CYEM program supports comprehensive, community-based efforts to develop or expand prevention, intervention, treatment, and response strategies to address the needs of children and youth impacted by sexual assault, domestic violence, dating violence, stalking, and sex trafficking. The CYEM program also funds prevention efforts that engage men and boys as allies to combat violence against women and girls.

Slide 8 – PURPOSE AREAS

The purpose areas for the CYEM program have changed for FY19. There are now four purpose areas. Applicants may select only one purpose area. Applications selecting more than one purpose area will not be considered for funding.

Slide 9

Funds under this program may be used to address one of the 4 purpose areas, which are:

- Purpose Area 1 – Children Exposed to Violence and Abuse
- Purpose Area 2 – Prevention, Intervention, Treatment, and Response to Youth
- Purpose Area 3 – School-Based Prevention, Intervention, and Response
- Purpose Area 4 – Engaging Men as Leaders and Role Models in Prevention

An explanation and the requirements for each purpose area can be found on pages 1 through 3 of the solicitation. It is important to note that all of the project activities listed under each purpose area are required. However, applicants may add additional activities. For example, a community non-profit proposes a project that addresses Purpose Area 2. This non-profit enjoys a great relationship with their local high school. They would like to develop a prevention education curriculum for the students as well as a curriculum on trauma informed classrooms for the teachers. These two activities would be additional activities for Purpose Area 2.

In addition, there are age groups designated for Purpose Area 1, 2, and 3. Please be mindful of this and ensure that your proposed project is specific to the age group for the selected Purpose Area.

Purpose Area 4 is focused on strategies and activities that develop positive adult male leaders and role models as a way to mobilize men in the community as allies in the prevention of violence against women and girls. Therefore, Purpose Area 4 is open to all ages.

Before moving on, I want to remind everyone that applicants are limited to applying for only one Purpose Area. Applicants that submit applications for two or more Purpose Areas will not be considered for funding. Last year several applications were eliminated because they failed to follow this requirement. For example, on the Summary Data Sheet applicants are required to state which Purpose Area they are applying. Applicants should note one of the four Purpose Areas. If two or more are noted, applicants risk the possibility of their application being removed for consideration for funding.

Slide 10 - OVW Priority Areas

Information regarding the two OVW Priority Areas for the Consolidated Youth and Engaging Men Program can be found on page 3 of the solicitation. The priority areas are:

- Increase efforts to combat stalking and/or cyberstalking
- Increase the capacity of girls to be leaders and influencers in combating violence against women and girls

Applications proposing projects to address these Priority Areas will be given special

consideration during the recommendation process. Please note that applicants do not have to address these priority areas. It is optional. However, if you do choose to include one or both of the priority areas in your project, please be certain that you have reviewed the requirements for each and that your project narrative and budget include activities and strategies to address the specific priority area adequately. In addition, only applicants proposing projects to address Purpose Area 1, 2, or 3 are eligible to include an OVW priority area in their application.

Slide 11 - ACTIVITIES THAT COMPROMISE VICTIM SAFETY and RECOVERY

OVW does not fund activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. The Solicitation Companion Guide contains a list of these activities. I am not going to go through them one-by-one; instead, to assist you with submitting a strong application I am going to go over some of the ones that have caused applicants to receive point deductions during peer review.

- Procedures or policies that fail to include conducting safety planning with victims. It is not enough to say that you will conduct safety planning with victims. A strong application will provide details of how safety planning is incorporated into procedures and policies; how safety planning is conducted with victims; what is discussed during the safety planning process; and the purpose of the safety planning.
- Project designs and budgets that fail to account for the access needs of individuals with disabilities, with limited English proficiency, or who are Deaf or hard of hearing. Peer reviewers usually deduct points off the project narrative and the budget for applications that do not include information and/or designated funding for how applicants will make their services and/or products accessible to individuals with disabilities. Please give this serious consideration when completing your application.
- Failing to develop policies regarding confidentiality, parental involvement/consent, mandatory reporting, and working with other ancillary service providers. This is another one that peer reviewers routinely deduct points for during the peer review process. Having these policies in place not only protects the safety of the victim, but also enhances the working relationship between service providers, and increases delivery of services to victims. Do not assume that peer reviewers will know that these policies exist because you are a victim service provider. They are looking for proof that they do exist or will be developed and the only way for them to know this is if they read it in your project narrative.

Slide 12 - OUT-OF-SCOPE ACTIVITIES and UNALLOWABLE ACTIVITIES

OVW and the CYEM program have specific out-of-scope activities that cannot be supported with grant funds. To assist with submitting a strong application I am going to go over some of the ones that have caused past applicants to receive point deductions during the peer review process. Please review the full list of out-of-scope activities on page 4 of the solicitation prior to writing your application to ensure you do not include any of the listed activities in your project.

6 – Sexual Harassment: Grant funds may not be used to develop training, products, or policies on sexual harassment. While sexual harassment can be a traumatic experience, it is not one of the

crimes listed in the violence against women act (VAWA) that OVW is able to address with grant funds. Please refrain from including activities and/or strategies that address sexual harassment in your project narrative to avoid possible point deductions.

7 – Bullying and Hazing: Grant funds may not be used to develop training, products, or policies on bullying and/or hazing. OVW recognizes that children and youth experience bullying and/or hazing. OVW also appreciates that applicants would like to take a comprehensive approach when addressing youth impacted by violence. However, as is the case with sexual harassment, bullying and hazing are not included in the VAWA crimes. Please avoid including activities and/or strategies that address bullying and/or hazing in your projects.

12 – Service Area: Grant funds may not be used to conduct or support regional or statewide projects. All applicants must ensure that proposed projects support community-specific activities and strategies only. In the past there have been applications removed for further review because the proposed project was a statewide initiative. To avoid having this happen to your application, please ensure that your project is focused to a specific community.

To wrap up this section, as I have said in previous sections, I strongly urge you to review, carefully, the information I have just discussed. I have seen applications miss the funding cut-off score by just one point because one of these activities was included in the application. Please do not be that application!

Slide 13 - AWARD PERIOD AND AMOUNTS

The grant award period is for 36 months, tentatively beginning on October 1, 2019 and ending on September 30, 2022. Applicants should submit applications with project activities and budgets that reflect this period.

Applicants applying for Purpose Area 1, 2, or 3 may request up to \$500,000. Applicants applying for Purpose Area 4 may request up to \$350,000.

Slide 14 – TYPES OF APPLICATIONS

Both new and continuation applications are being accepted. New applications are those that have never received funding under the CYEM program or whose funding expired more than 12 months ago. Continuation applications are those that have an existing CYEM grant or whose CYEM grant closed within the last 12 months. Grantees that were awarded a Consolidated Youth and Engaging Men grant in FY 2017 or FY 2018 are **not** eligible to apply for funding in FY 2019.

Slide 15 - MANDATORY PROGRAM REQUIREMENTS

Applicants that receive funding under the Consolidated Youth and Engaging Men program are required to engage in and provide certain activities throughout the award period. The full list is on pages 5 to 6 of the solicitation.

- Participation in OVW-sponsored training and technical assistance, including new grantee orientation. All grantees must participate in the technical assistance events and activities that are organized and supported by the Consolidated Youth and Engaging Men program

designated technical assistance providers. This includes monthly and/or quarterly conference and telephone calls, site visits, in-person training institutes, and web-based trainings.

- All CYEM grantees must create a multi-disciplinary team to develop and guide the proposed project. The CCR must meet regularly and be representative of the community to be served through the project.
- Provide a trained crisis counselor for participants at all educational, outreach, and training events.
- Engage in a planning phase prior to project implementation. Grantees must complete a six-month planning phase at the beginning of the award period during which grantees are required to conduct a community needs assessment and develop a strategic plan for implementing the project.

Slide 16 - ELIGIBILITY INFORMATION

Please review the information on pages 6 and 7 of the solicitation, as there have been changes to this section from last year's solicitation. Applications that are submitted by ineligible entities or that do not meet the program requirements will be eliminated from the review process.

There are six types of entities that may submit an application for Purpose Areas 1, 2, and 3. The first three are nonprofits, nongovernmental entities, and tribal organizations. These entities must meet one of the three listed requirements on pages 6 and 7 in order to be eligible as the lead applicant. They must develop or provide programming or services for children and youth; or provide direct services to children and youth who have been victims of and/or exposed to sexual assault, domestic violence, dating violence, stalking, or sex trafficking; or they must serve adult victims of the crimes I just listed, and also have a designated program within their organization that provides direct services to children and youth who are victims of and/or exposed to the crimes listed.

The last three types of entities that may submit an application are Indian tribes, a unit of local government or an agency of a unit of local government. Some examples of this type of entity are a city or county health department; a prosecutor's office and/or a victim witness program within a prosecutor's office; and the department of parks and recreation or the department of children and families within the city or county government.

Eligible entities for Purpose Area 4 are the same as the other Purpose Areas, however, the expertise of the nonprofit, nongovernmental entity, or tribal organization is different. For Purpose Area 4 these entities must have experience in creating public education or awareness campaigns; or experience in developing or providing mentorship programs for men. Please note that for this requirement it is not necessary that the experience be specific to the VAWA crimes; it is specific to the development of men and boys as positive role models and community leaders.

Slide 17 - DELIVERY OF LEGAL ASSISTANCE

Pages 7 and 8 discuss the requirements that must be met for applicants that wish to include legal assistance activities. I am not going to go over this section in detail as you can refer to the solicitation to determine what is necessary to meet the requirements if you choose to incorporate this service into your project. For those applicants that wish to provide legal assistance, please

note that no more than 10% of your total budget may be used for this purpose. In addition, you must certify in writing that you meet or will meet certain requirements if awarded funding.

Slide 18 - REQUIRED PARTNERSHIPS

Next, I am going to discuss the required partnerships. This requirement has changed from last year so it is important for you to read the information provided on pages 8 and 9. Applicants and partners are limited to meeting only one partnership category or role. Let me repeat this because it is important. Applicants and partners are limited to serving as the agency or organization to meet the partnership requirement in only one category or role. Applications that fail to meet the partnership requirements will be removed from the review process.

All Purpose Areas must include at least one victim service provider, if not the applicant. Please see the footnote on page 8 for the definition of a victim service provider.

Purpose Area 1 must have a community-based organization that develops or provides programming or services to children, if not the applicant.

Purpose Area 2 must have a community-based organization that develops or provides programming or services to youth, if not the applicant.

Purpose Area 3 must partner with a school or school district.

Before moving to the next slide, I want to go a little deeper into the partnerships. First, one of the requirements of the CYEM program is the development of a Coordinated Community Response. Because of this, applicants are encouraged to have more than the required partnerships. There is a list on page 9 of recommended partners to consider. Second, other than the victim service provider, it is not a requirement of this program that the partners have experience or expertise in working with children and youth who have been victims of the VAWA crimes. Each of the partners should bring the specific skills and knowledge necessary to support the overall successful development and implementation of the proposed project. When determining whom to partner with, you should take into consideration any specific populations and the age range of the children and youth served through the proposed project. For example, ABC Sexual Assault Center is submitting an application addressing Purpose Area 2. The proposed project will serve homeless and runaway youth ages 13 to 18. Their required partners for the project are going to be Building Hope, a community-based organization that provides housing and support services and resources to homeless and runaway youth. The community-based organization is not a victim service provider, but they possess the expertise necessary in understanding and meeting the needs of homeless youth.

Slide 19 - APPLICATION AND SUBMISSION INFORMATION

Please refer to the solicitation beginning on page 9 for specific information related to the content and form of application submission. All applications must include the following three components: a project narrative; a budget and budget narrative; and a memorandum of understanding. Applications that do not include these three components will be considered substantially incomplete and will not be considered for funding.

Summary Data Sheet (5 points)

Every application must include a summary data sheet. This document is scored during the review process and should be no more than four pages. The best way to avoid having points deducted is to answer each of the 16 questions in the order that they are listed in the solicitation. Some applicants in the past have cut and pasted the questions into a new document and provided a response below each question. Other applicants have numbered the information being provided so that it is clear they are responding to a specific question. A note of caution, although questions five and six refer you to a table that is provided in the appendix of the solicitation, the tables that you will create if you have information that must be reported for these two questions must be within the four pages of the data summary sheet. They cannot be in addition to the four pages or submitted as Appendix D or Appendix E. Please read these two questions carefully. Question 5 is specifically asking for current or recent OVW grants and/or cooperative agreements. Question 6 is asking for other federal grants from which the applicant is currently receiving funding or has applied for funding in FY19 to do similar work to this program. Please do not list every federal grant that you currently have or have applied unless it is similar to this work.

Project Narrative (60 points)

The project narrative consists of three sections: purpose of application, what will be done, and who will implement. All combined, the project narrative is worth a total of 60 points and is the bulk of the application. This is where applicants provide detailed information related to the proposed project. Before I get into each section of the project narrative, it is important to discuss the page limit. It is imperative that you are mindful of the formatting (see page 10 for specifics) and the number of allowable pages. Peer reviewers are instructed to stop reading and scoring this section at the page number cut off. You do not want to lose valuable points due to going over the page limit. With that said, the project narrative should be no more than 20 pages.

Purpose of the Application (15 points)

This section describes the need for the project and helps reviewers understand your specific community needs. Common mistakes include providing too much information, information that is not relevant to the proposed project, or not enough information to be responsive to what is being asked. Follow the guidance on page 12 of the solicitation to ensure you are providing the required information. Also, keep in mind that this section counts toward the page limit. You want to be sure that you are being responsive to the questions in this section while at the same time ensuring you have enough pages remaining to provide detailed information on the proposed project. I have seen applications where the applicant used more pages to describe the need for the project than the number of pages to describe the project activities to address the problem. Strong applications find the balance between justifying the need and providing detailed information on how the need will be addressed.

What Will Be Done (30 points)

This is the section where you will describe what you are going to do with the grant funds. You should provide detailed information that clearly describes the activities and strategies to support your proposed project. The goals and objectives should be clear and detailed so that reviewers understand how the proposed activities will meet the needs identified and the program requirements listed. For example, there is a difference between stating, "We will conduct

trainings for teachers” and “We will conduct annual training for all teachers on how to identify and refer students who have been victims of teen dating violence.”

Additionally, it is important to note that there are different requirements for the different Purpose Areas, so please be sure to follow the guidance provided on pages 12 to 13 of the solicitation to ensure you are being responsive to what is being asked.

Some common mistakes to avoid in this section are:

- Not providing a description of products to be developed or purchased with grant funds. If products such as brochures, videos, billboards, or curriculums are mentioned in this section, there should be a line item for them included in the budget, and vice versa.
- Not describing how products and/or services will be made accessible to individuals with disabilities, individuals who are deaf or hard of hearing, and persons with limited English proficiency.
- Not describing how products and/or services will be tailored to meet the needs of a specific population to be served.
- Not including activities and strategies that will be developed and implemented to meet the OVW priority areas that the applicant has chosen to address and identified on the summary data sheet.

Who Will Implement the Project (15 points)

In this section, the applicant should identify whom the key individuals and organizations will be that are involved in the proposed project. This section must demonstrate that the individuals and organizations identified have the capacity to address the stated need and can successfully implement the proposed project activities.

As a friendly reminder, this section is also part of the page limit. You will want to keep this section focused on who is involved in the major project activities and who is most responsible for ensuring the goals and objectives of the proposed project are met. Please refer to page 13 to ensure you include all of the required information for this section.

Budget Detail Worksheet and Narrative (15 points)

During the peer review process the peer review panels will be reviewing and scoring the budgets to ensure they meet the program requirements and do not include any unallowable activities and/or expenses. It is the applicant's responsibility to read this section thoroughly in order to submit a proper budget. Pages 13 through 15 provide detailed information on how to develop and submit your budget for your proposed project.

All applicants, regardless of Purpose Area, must include funds specifically for OVW mandated technical assistance and travel costs. The Consolidated Youth and Engaging Men program has a dedicated team of technical assistance providers specifically for the purpose of providing comprehensive technical assistance programming to grantees. All Consolidated Youth and

Engaging Men grantees are required to attend and participate in the technical assistance events. Projects located in the contiguous US must allocate \$45,000 and projects located in the US territories, Hawaii, or Alaska must allocate \$50,000. This funding may not be used for other travel and/or training and any remaining funds in this section will be returned to OVW at the end of the award period. Applicants should plan to send at least four (4) individuals involved in their project to three (3) OVW mandated technical assistance training events each year of the award for a total of nine (9) training events. In addition to the training events, grantees are required to send a minimum of two individuals to the one-time New Grantee Orientation.

The budget should also include funds to ensure project activities and materials are accessible to individuals with disabilities. For example, videos could be close-caption and translated into other languages; written materials could be translated into different languages; interpreters could be made available at events and/or in the process of providing direct victim services for those who are deaf, hard of hearing, or speak a language other than English.

Next, the budget should include funds to compensate all project partners for their contribution to the project. The exception to this is if a project partner is a state, local, tribal, or territorial agency and the activities they would be responsible for in the project are within their regular scope of work. An example of this would be a victim-witness liaison in the prosecutor's office who would be responsible for accompanying a victim to a court proceeding. Because this is within the normal scope of work of the victim-witness liaison and the prosecutor's office, this grant could not compensate them for that activity. However, you could designate grant funds to compensate them for mileage to and from the Coordinated Community Response meetings, travel costs associated with attending the OVW mandated technical assistance trainings, and participating in after-hour community events.

In some circumstances, the budget is reviewed independently of the full application. Therefore, it is important that the budget narrative be as comprehensive as possible and describe in detail each line item in the budget. A strong budget and budget narrative should provide enough information to understand the proposed project without having to refer back to the project narrative.

Lastly, a friendly word of advice, and one that our peer reviewers will appreciate that you heed. Please do not use anything less than 12-point font when developing your budget. Reviewers are looking over numerous budgets. It is very hard and frustrating to read a budget that is 10 point font or smaller. There is no page limit for the budget section, so there is no need to try to squeeze it onto two or three pages. In addition, the budget should be one document that is inclusive of all three years. Please do not submit three one-year budgets.

Memorandum of Understanding (MOU) (20 points)

Page 15 provides detailed information on what is required to be included in the MOU. I encourage you to review this carefully when creating your MOU to ensure you are meeting all of the requirements. In the past, I have seen applications miss the cut-off score by a point because information was missing from the MOU.

I am not going to go over everything that must be included in the MOU; instead, I am going to provide you with some examples of common mistakes and some helpful hints.

Common mistakes that result in point deductions and/or removal from review:

- Submitting multiple MOUs. The MOU for this program should be one document. You can have multiple signature pages so long as all of the names and titles of everyone signing the MOU are included.
- Not addressing each of the requirements in the MOU. There is no page limit for the MOU.
- Missing signatures, especially the signatures of the required partners. Every person and/or organization listed in the MOU must sign the MOU.
- Submitting an outdated or irrelevant MOU. The MOU must be current and must be responsive to the solicitation requirements. In almost every circumstance, the MOU will be a new document that is drafted specifically for the proposed project.

Slide 20 and 21 – TIPS TO ASSIST WITH SUBMITTING A STRONG AND RESPONSIVE APPLICATION

To close out the webinar, I have some tips that may improve your chances on becoming a CYEM grant recipient. Please note that the following list is not a guarantee that your project will be funded, but is intended to assist you with submitting a strong and responsive application.

- Read the solicitation. I have not reviewed every section of the solicitation so please read the solicitation. As I have mentioned previously, it is the applicant's responsibility to read the solicitation in its entirety. Everything that needs to be included in or with your application is mentioned in the solicitation and supporting resources that are linked or referenced in the solicitation.
- For an application to be considered complete and move to the review process it must include the following three components: a Project Narrative; a Budget Detail Worksheet and Narrative; and a Memorandum of Understanding (MOU). MOUs that do not contain signatures are considered incomplete.
- Be sure that your project strategies and activities address the areas that you have identified on the data summary sheet. It is okay for projects to focus on one crime or on one age group. It does not increase your chances of being awarded a grant by stating that you will address every crime if your project narrative only provides information on how you will address sexual assault. A strong application is focused on the crimes, age group, and population that will be served. For example, ABC Youth Community Services submits an application addressing Purpose Area 3. The project is focused on teen dating violence in high school. ABC Community Services would note on the data summary sheet that the project will serve youth ages 14 to 19 and that project activities will focus 85% on dating violence and 15% on sexual assault.
- Use the Application Checklist on pages 28 and 29 of the solicitation. This checklist will help you ensure that all required documents are included in your application when you begin the

submission process.

- Allow plenty of time to gather required information.
- To avoid any possibility of missing the submission deadline, submit your application as far in advance of the deadline as possible. Technical issues may arise and the number of individuals seeking assistance from grants.gov increases on and near the submission date.
- Make the application easy to read and follow for all of the reviewers. Use the heading and sub-heading titles that are in the solicitation for each section. Be sure the application and responses to the program requirements and expectations are complete and clearly written. Avoid or limit the use of acronyms. Remember that the reviewers are not familiar with your community and will not be familiar with the acronyms that your organization and project partners may use.
- Print out the application before submitting it to ensure appropriate formatting and adherence to page limit requirements. Also, number your pages in your application. This will also help the reviewer track and insure you are following the solicitation formatting and instructions.
- If your name and contact information is listed as the POC, please monitor your inbox. There are times that the system may reject your application and you will need to make sure you are getting those alerts.

Slide 22 – OVW CONTACTS

If you have questions that were not addressed during this call, please feel free to send an email to ovw.consolyouth@usdoj.gov. If you have questions regarding the budget you may send an email to ovw.gfmd@usdoj.gov or view the grants financial management division video on the OVW website.

Thank you so much for your time today and thank you for your interest in the OVW Consolidated Youth and Engaging Men program.
